INSTRUCTOR TRAINING PROGRAMS

Valley Driving School is the only school in BC to offer Instructor Training for all licence classes; car, truck, and motorcycle. We train good people to be great Instructors! Whether you plan on joining our team, opening your own driving school or serving as a driver trainer in the transportation industry, you will acquire the skills needed to exceed driver training industry standards.

Our course offers many extras at no charge. No GST, no hidden fees and no charge for manuals and handouts ensure our prices are ones you can trust.

In order to take the Instructor Training Course, you need to meet the eligibility standards set out by ICBC.

To be a class 5/7 (car) Instructor you must have a valid class 5 licence for 3 years. To be a class 1 (truck) Instructor you must have a valid class 1 licence for 3 years. To be a class 6/8 (motorcycle) Instructor you must have a valid class 6 licence for 3 years. In addition, for all classes of licences you must have a safe driving record, be willing to submit to a medical exam and criminal record check, and not have any outstanding debts with ICBC.

We train the trainers!

Please call ICBC at 1-800-950-1498 to begin the application process to determine if you are a suitable candidate. Once ICBC has provided written approval for you to take the Instructor Training Course, we can get you registered and start your training.
