CLASS 4 TRAINING PROGRAMS

Transporting people in a vehicle as part of your profession means improving and perfecting your driving habits, behaviours, and skills to ensure passenger safety. Transporting others requires dedication and a high level of responsibility, commitment, and safety, so ICBC has specific licensing requirements for those drivers. Valley Driving School can help prepare drivers to meet and exceed these expectations, with our class 4 training programs.

There are two class 4 designations, allowing drivers to operate passenger vehicles with a restricted or unrestricted licence parameters. Both designations are focused on the safe transportation of people and require the same elevated level of skill and competency.

Valley Driving School's class 4 Programs include one-on-one practical training and pre-trip inspection training in your passenger vehicle or ours. We will cover the required skills needed to successfully complete the ICBC class 4 road test. Class 4 training is considered part-time training and start dates are provided on a continuous & rotating intake, based on student and Instructor availability.

Our vehicle is also available for use during your ICBC class 4 road test. Our vehicle is guaranteed to meet all road test standards so there will be no surprises on your big day! A 1 hour warm-up lesson is included on the same day as your ICBC road test to brush up on your driving skills.
